

AN UNTAMED SPIRIT

GR YARIS

TOYOTA

ALL ABOUT THE DRIVE

BORN FROM WRC

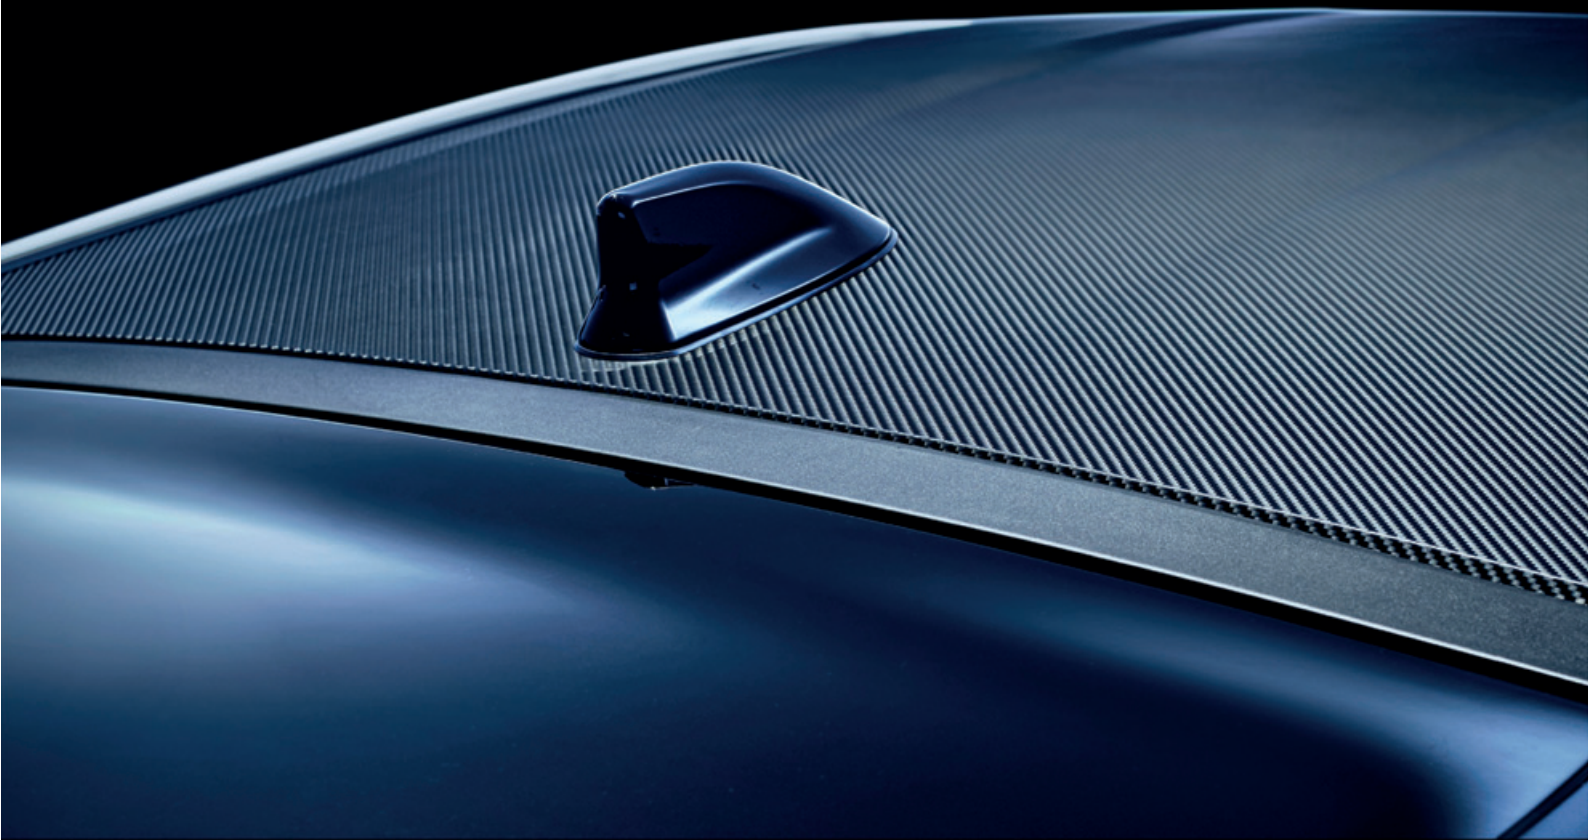

Legends are born, and the GR Yaris was born from the adrenaline-inducing, pupil-dilating and dirt-ridden depths of the World Rally Championship.

Co-developed between TOYOTA GAZOO Racing and Tommi Mäkinen Racing, the GR Yaris brings forward decades of heritage while paying homage to its roots. It supersedes hot hatches of yesteryear, yet retains the spirit of greatness.

Its lethal combination of a 1.6L turbocharged engine, GR-Four 4WD system, light and aerodynamic body, the GR Yaris was crafted with one thing in mind — winning.

PERFORMANCE

Game-changing 1.6L 3-cylinder turbo engine

Unrivaled performance comes with unparalleled engineering — the newly developed 1.6L 3-cylinder turbo engine allows the GR Yaris to shine on any terrain with maximum performance.

Newly developed
1.6L TURBO

World's largest power output
3-cylinder automobile engine

Max Output
261 PS / 6,500 rpm

Max Torque
360 NM / 3,000-4,600 rpm

Inline 3-cylinder
DOHC
direct injection turbo engine

Acceleration
0-100km/h in 5.5s

Heart of the rocket

261 PS, 360 Nm of torque, top speed of 230km/h and the ability to blast 0-100km/h in merely 5.5 seconds, this is a pocket rocket that embodies the GR brand and WRC spirit.

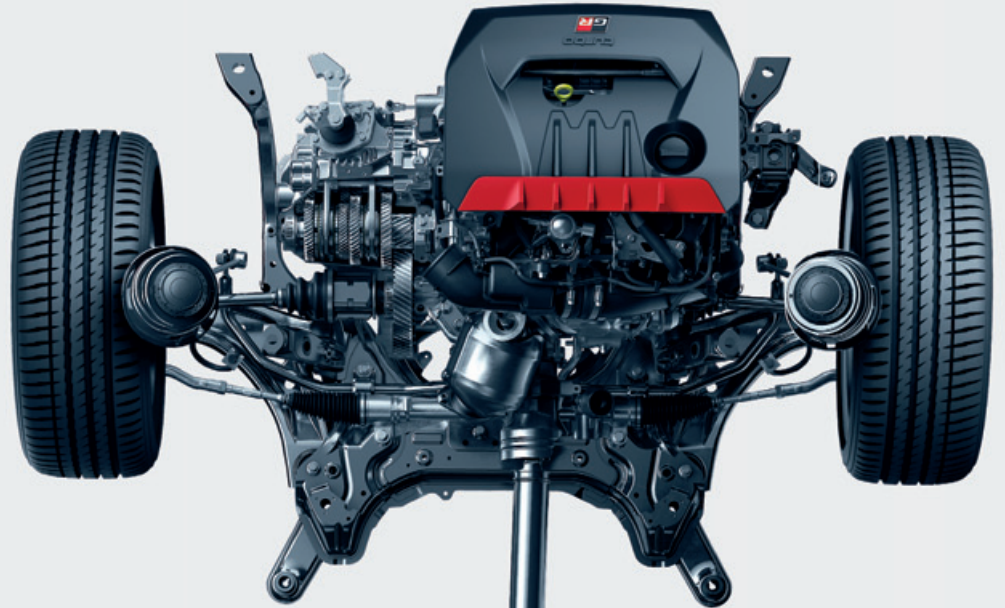

Seamless speed shifting

Paired with the powerhouse engine is a 6 speed gearbox equipped with Intelligent Manual Transmission. Designed to match revs, iMT allows for smoother gear shifting by reducing clutch shock.

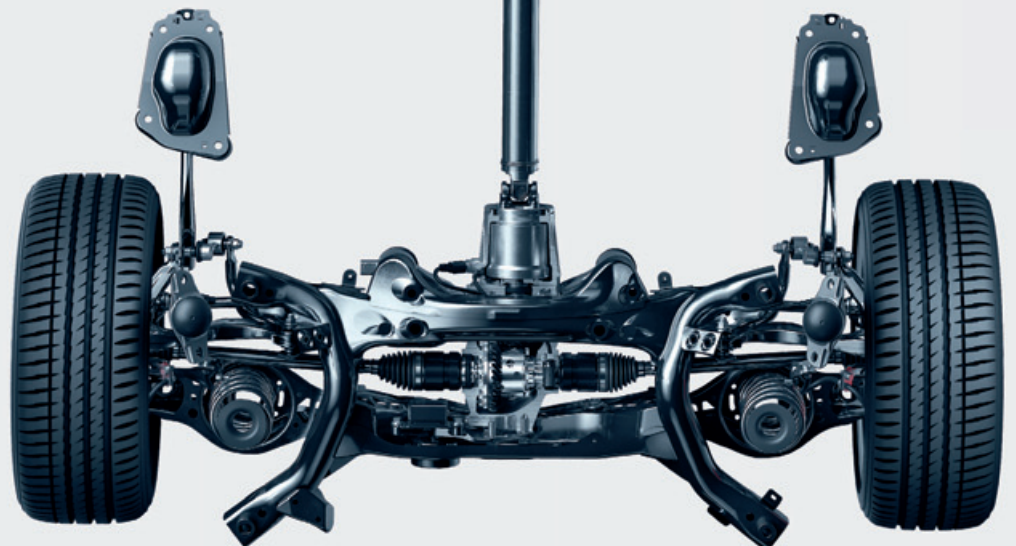

POWER OF FOUR: GR-FOUR 4WD

The ability to control defines a champion, that is why the GR Yaris comes with the all-new GR-Four system — a tribute to the legendary Celica GT-Four.

Split the torque distribution between three modes; Normal, Sport, and Track. Paired with front & rear Torsen Limited-slip Differential (LSD), this ensures ultimate control of the beastly GR Yaris.

NORMAL Mode

Base torque distribution 60:40

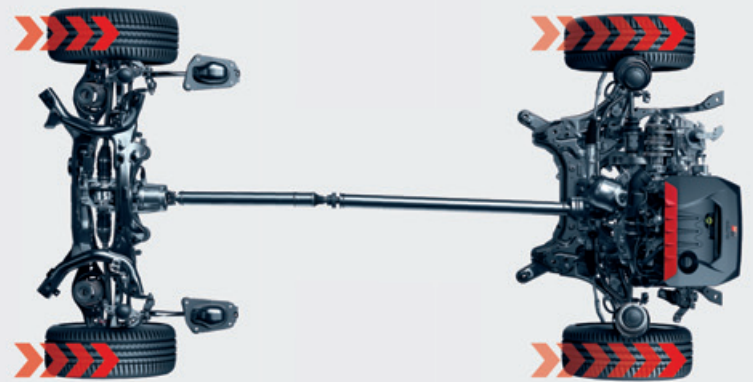

SPORT Mode

Base torque distribution 30:70

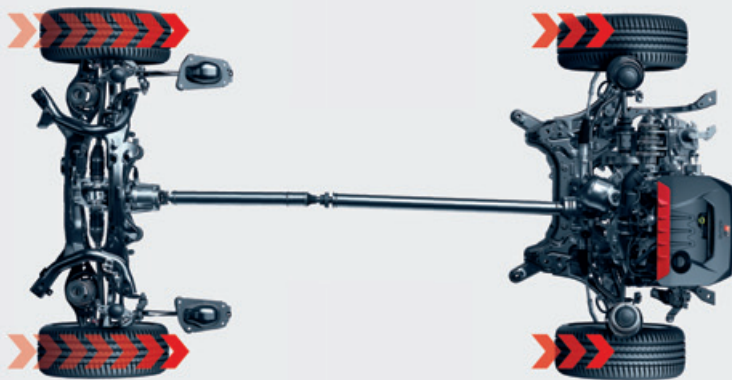

TRACK Mode

Base torque distribution 50:50

NORMAL mode
[Front wheel 60: rear wheel 40]

SPORT mode
[Front wheel 30: rear wheel 70]

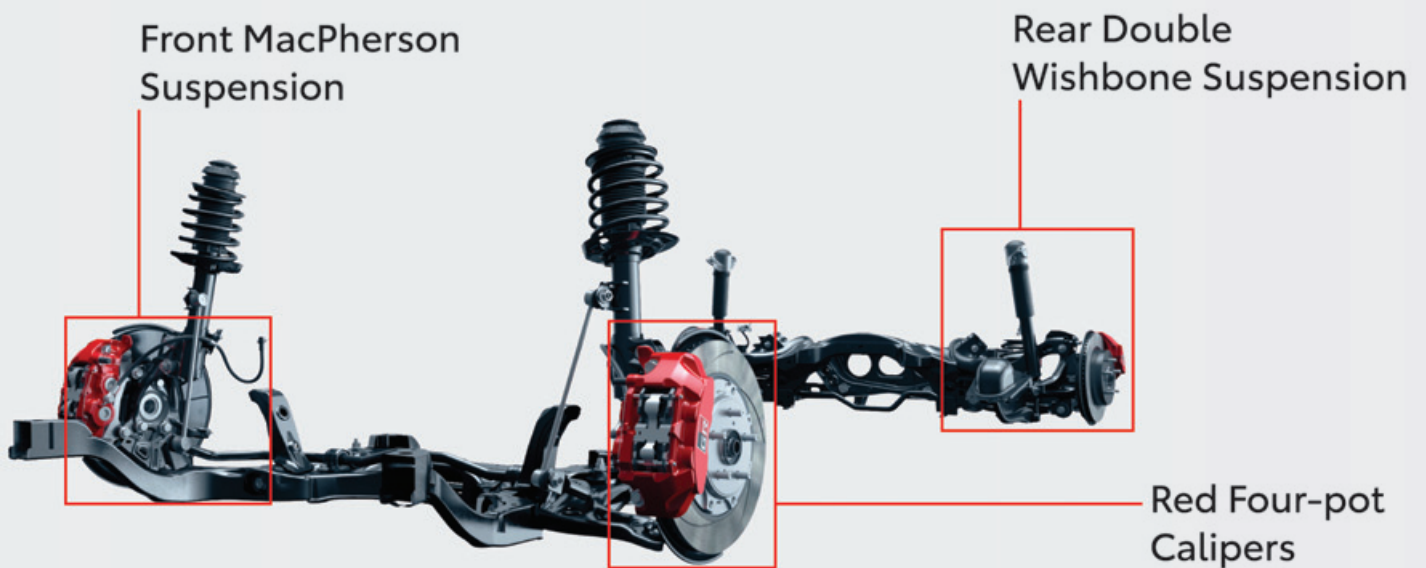

TRACK mode
[Front wheel 50: rear wheel 50]

Suspension & Braking Performance

The combination of newly developed front MacPherson strut, rear Double Wishbone suspension and large performance braking discs with red four-pot calipers make the GR Yaris a force to be reckoned with.

DESIGNED TO PERFORM

Attention of the highest order was paid not only to its performance, but also its exuberant exterior. Fusing flowing elegance with absolute power, the GR Yaris redefines aerodynamic styling. Low, wide and chiseled like a renaissance masterpiece — a born winner has never looked so good.

2,560 mm

Made of 10% aluminium — substantial weight reduction,
uncompromised design.

Spearheading the GR Yaris is Gazoo Racing's signature "Functional Matrix" grille — a design reserved only for the GR lineup.

- ▶ Large bezel to accommodate the additional brake duct and intercooler.
- ▶ Large front under spoiler with a raised center part retains the aggressive look and controls the airflow below.

1,805 mm

The under grille stylishly mirrors the radiator's square shape.

1,455 mm

- ▶ Lowered carbon fibre roof enhances aerodynamic performance.
- ▶ Light and firm on its feet with lightweight and robust materials.
- ▶ Rear Dual Muffler.
- ▶ 18" Forged Alloy Rims.

BELLY OF THE BEAST

Encapsulating the driver is hand-tailored perfection, straight from the GR Factory in Motomachi, Japan. Crafted with the finest details in mind, it holds true to the uncompromising pedigree of Gazoo Racing.

Note: Vehicles pictured and specifications detailed in this catalogue may vary from models and equipment available in your area. Please inquire at your local dealer for details on the availability of features.

- ▲ Leather-clad, three-spoke GR steering wheel — ultimate grip and control.
- ▲ Reassuring aluminium sports pedals.

- ▲ Enhanced visibility with red pointers and red zone markers surround the 4.2" TFT LCD screen that displays Turbo Boost Pressure, torque distribution and various warnings.

◀ **Premium sports seat**

Comfort and performance go hand in hand. The combination of exceptional materials and well-thought-out seat curvature ensures a resilient and comfortable drive, even against strong lateral G.

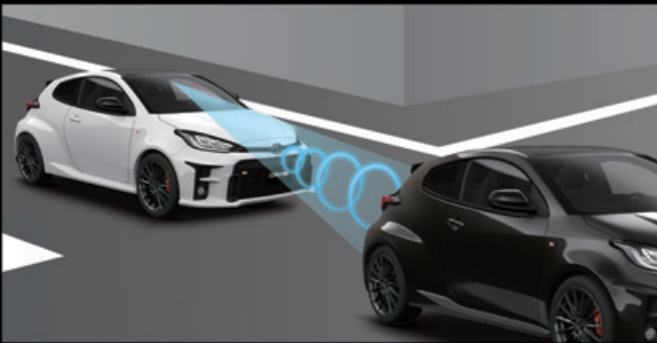

Toyota
Safety
Sense

TOYOTA SAFETY SENSE [TSS]

Advanced suite of safety features that allows you to unleash your drive with a peace of mind.

► Pre-collision System [PCS] *

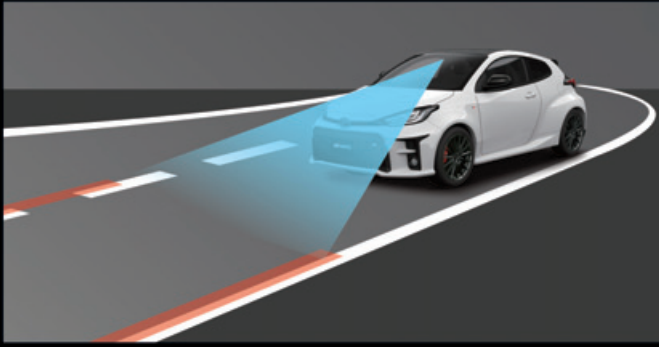

PCS helps to monitor and reduce the potential of frontal collision. It minimizes the risk by alerting the driver both visually and audibly. As support for the driver, it will also auto brake to mitigate or avoid an accident altogether.

► Dynamic Radar Cruise Control [DRCC] *

When on a straight road, DRCC allows you to set a cruising speed while maintaining a set distance from the preceding car. Should the preceding car be slower than your set speed and you reach the set distance, DRCC will adjust your speed accordingly without deactivating cruise control. Once your path is clear, DRCC will reaccelerate your vehicle to the previously set cruising speed.

▶ Lane Departure Alert [LDA] with LTA*

Using the camera sensor and millimeter wave radar, LDA helps prevent the vehicle from unintentionally straying from its lane while LTA (Lane Tracing Assist) automatically keeps the car centred. It will sound an alert and apply minor (selectable) steering adjustments to realign the vehicle should it detect the vehicle going off-course.

▶ Automatic High Beam [AHB]*

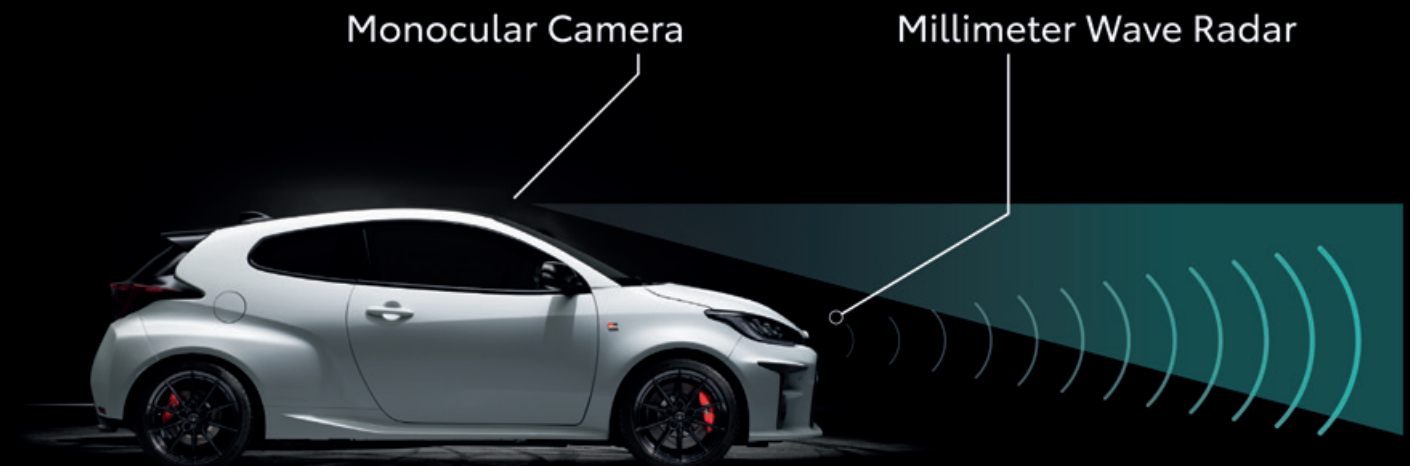

Automatically switches on at night and toggles between low and high beams by detecting the headlights of oncoming vehicles and taillights of preceding vehicles. This allows for early pedestrian or obstacle detection.

* Driver remains solely responsible at all times for safe driving.

HEIGHTENED SENSES

In order to achieve both high recognition performance and reliability, TSS works in tandem with the on-board monocular camera and millimeter wave radar.

SHADES OF FURY

Platinum White Pearl MC (089)

Emotional Red 2 (3U5)

Precious Black (219)

MAIN SPECIFICATIONS

GR Yaris

ENGINE			
Model			G16E-GTS
Type			3-cylinder, In-line, DOHC, Intercooler Turbo
Displacement (Bore x Stroke)	cc (mm)		1,618 (87.5 x 89.7)
Max. Output	PS / rpm		261 / 6,500
Max. Torque	Nm / rpm		360 / 3000-4600
PERFORMANCE			
Acceleration(0-100 km/h)	s		5.5
Top Speed	km/h		230 (Limited)
4WD Mode Switch			Normal / Sport / Track
TRANSMISSION & CHASSIS			
Transmission			6-speed Manual Transmission with iMT
Drive System			GR-Four Full-time Sports 4WD system
Gear Ratio	1st		3.538
	2nd		2.238
	3rd		1.535
	4th		1.162
	5th		1.081
	6th		0.902
	Reverse		3.831
	Final Drive		3.941(1st-4th) / 3.350 (5th-6th,Rev)
Performance Pack	Front & Rear Differential		Torsen® LSD
	Suspension	Front	MacPherson Strut with Stabiliser (Performance Tuned)
		Rear	Double Wishbone with Stabiliser (Performance Tuned)
	Tyres & Rims		225/40R18 with BBS Forged Alloy Rims & Michelin PS4S Tyres
Brakes	Front		2-piece Ventilated & Slotted Disc with 4-piston Monoblock Calipers
	Rear		Ventilated & Slotted Disc with 2-piston Monoblock Calipers
Steering			Electric Power Steering (EPS)
Spare Tyre			Tyre Repair Kit
MEASUREMENTS			
Overall	Length / Width / Height	(mm)	3,995 / 1,805 / 1,455
Wheelbase		(mm)	2,560
Tread	Front / Rear	(mm)	1,536 / 1,572

Roof			Carbon Fibre
Exhaust System			Dual Sports Muffler
Wipers	Front		Automatic with Rain Sensor

MAIN SPECIFICATIONS

GR Yaris

INTERIOR FEATURES		
Seats	Front Seat	Semi Bucket Seat with Red Stitching
	Rear Seat	60:40 Split Fold
Audio System	Type	Display Audio with 7" Capacitive Touch Screen, Apple CarPlay & Android Auto-ready Connectivity*, USB, Bluetooth®
	Speakers	6 Speakers
Inside Rear View Mirror		Electrochromic Mirror
Smart Entry & Start System		With
Air-conditioning		Dual Zone Automatic Climate Control
Multi-information Display (MID)		With (4.2" Colour)
Heads-up display (HUD)		With
Steering Wheel	Type	Leather Wrapped, Tilt & Telescopic Adjustable
	Switches	With
Shift Lever Knob	Material	Leather Wrapped
Aluminium Foot Pedals		With
Power Window		With (Auto Up / Down with Jam Protection)
Driving Video Recorder		With (Front)
SAFETY		
Toyota Safety Sense (TSS)	Pre-collision System (PCS)	With
	Dynamic Radar Cruise Control (DRCC)	With
	Lane Departure Alert (LDA)	With
	Lane Tracing Assist (LTA)	With
	Auto High Beam (AHB)	With
Vehicle Stability Control (VSC)		With
Anti-lock Braking System (ABS)		With Brake Assist (BA)
Parking Sensors		With (Rear)
SRS Airbags		6 (Driver, Front Passenger, Front Side & Curtain)
Seatbelts	Front	3-point ELR x 2 with Pretensioner & Force Limiter
	Rear	3-point ELR x 2
	Seat Belt Reminder	With (Front & Rear)
ISOFIX		With
Tyre Pressure Monitoring System (TPMS)		With
Window Tint		Toyota Premium Security & Solar Film
SECURITY		
Alarm		Immobiliser, Siren & Intrusion Sensor
OPTIONAL		
Vehicle Telematics System (VTS)		Optional

*Android Auto™ will be available when the service is officially launched in Malaysia.
