# *SECURITY AND SOLAR FILM*

WARRANTY CARD

## Maintenance Instructions

### CAUTION

1. Do not wind down the side windows for 7 days.
2. Do not direct the airflow from your air conditioning towards the filmed windows.  
(for the first 7 days after film installation)
3. Do not switch on the demister. (15 days recommended)
4. Do not wash the film. (30 days recommended)
5. Do not attach smart tag holder, auto-access tag, soft toy holder and the like on on the filmed window after installation.

### GENERAL CARE

1. Clean the filmed windows with a soft cloth soaked in lukewarm water to gently wipe off dirt or dust.
2. Avoid using any abrasive cleaner, alcohol or ammonia based solvents.
3. Do not pick at the edges of the film or try to repair any film that has not cured properly.

### NOTE:

*Films may take 30 to 60 days to fully cure. Visual changes during this period are a natural part of bonding process. Small water spots will diminish and eventually disappear.*
